# Privacy screen nets and tennis court windbreaks

Professionals appreciate the advantages of a windbreak on the tennis court. The players can enjoy an untroubled tennis match. As eye-catcher it improves the tennis courts and as advertising space it brings revenues to your cash box. We advise you on the optimal advertising placement.

The windbreaks are made of polyethylene, they are tear-resistant, lightfast and uv-stable. All windbreaks are bordered with reinforcing tape and every 500 mm with metal eyelets. Our standard size is approx. 12.000 x 1.900 mm.

## Material quality

and prices for unprinted windbreaks inclusive snap hooks.

### Promo

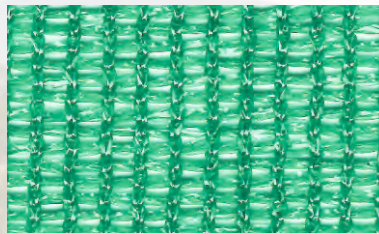

- approx. 110g/m<sup>2</sup>
- mesh size: 3 mm
- 50 - 60 % air permeability
- only in 1.900 mm height available
- only in light green, dark green or traffic blue available

#### Price/piece (standard size):

light green/dark green 65,00 €

#### Price/m<sup>2</sup> (special size):

light green/dark green 3,65 €

### Classic

- approx. 170g/m<sup>2</sup>
- mesh size: 2 mm
- 30 - 40 % air permeability

#### Price/piece (standard size):

## Material colour

## Imprint colour

We are oriented to the printing colour of the RAL-classic-colour table.  
All printing colour **excepting black** have a minor paint adherence on tennis-windbreaks.  
Therefore the print effected without guarantee.

Colours except of black are at extra charge.

## Leaf-trap screen

To solve the problem with the leaves on the tennis court you can install an leaf-trap screen in the lower fence area. The Material is bordered with reinforced tape and every 1.000 mm with metal eyelets. We deliver the screens in light-green or dark-green - depending on stock, inclusive snap hooks.

Size	50.000 x 500 mm	100.000 x 500 mm

# Privacy screen nets and tennis court windbreaks

## Digital printing on tennis-windbreaks

The alternative to "conventional tennis-windbreaks" with standard material colours and a limited number of printing colour is the production of tennis-windbreak by digital printing.

Complex logos, photographs, colour shadows as well as extravagant fonts can be illustrated here easily on mesh fabrics.

Print Example: fabric mesh • 300 - 340 g/m<sup>2</sup> • 4/0c digital imprints  
size 5.000 x 1.750 mm • M 1:50

### Fabric mesh (Vinyl)

- approx. 300 - 340 g/m<sup>2</sup>
- standard size (12.000 x 1.900 mm)
- bordered all around
- every 500 mm with eyelets
- incl. snap hooks
- front site 4c printed
- back site white
- wind permeable and translucent
- uv-stable

### Price/piece (standard size):

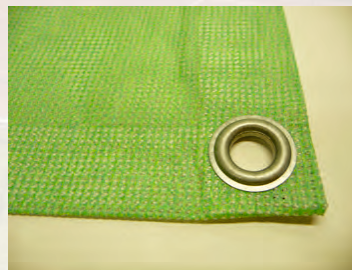

22,80 m<sup>2</sup>

340,00 €

Do you find out more prices for other processing or with higher edition by phone or mail

### Detailed view with a print design and seam with eyelet
